## INSTRUCTIONS - CIGARETTE AND TOBACCO PRODUCTS EXCISE TAX RETURN

The California State Board of Equalization (Board) is responsible for administering the California Cigarette and Tobacco Products Tax Law. The taxes are imposed on the distribution of untaxed cigarettes and tobacco products in this state. Distribution is defined to include the consumption or use of untaxed cigarettes and tobacco products in this state.

Tobacco products include, but are not limited to, all forms of cigars, smoking tobacco, chewing tobacco, snuff, and other articles or products made of, or containing at least 50 percent tobacco. **This does not include cigarettes labeled as little or small cigars that are considered cigarettes for tax purposes.**

A cigarette is defined as a rolled product of any size or shape, intended for smoking that includes any tobacco, flavored or not, and is wrapped in paper or another material. Exception: Products wrapped in tobacco or with a wrapper made mostly of tobacco are not cigarettes when they weigh over three pounds per thousand.

### FILING REQUIREMENTS

Everyone who purchases untaxed cigarettes or untaxed tobacco products must file with the Board a return reporting the amount of cigarettes and tobacco products received. The return is due on or before the 25th day of the month following the quarter in which the product was received and must be submitted with the amount of tax due, pursuant to Cigarette and Tobacco Products Tax Law sections 30008, 30107, and 30181. The tax applies to any quantity of untaxed cigarettes shipped to a user or consumer in California from a seller outside of California.
